OBJECTIVE

I have a passion for innovation, seeking full-time position, internship or fellowship.

WORK EXPERIENCE

Software Engineering Co-Op

Embodee

San Juan, Puerto Rico

August 2019 – December 2019

Programmed a library extension for virtual experience software serving clients including Adidas and Nike. Worked with Javascript and GLSL.

Software Engineering Intern

Embodee

San Juan, Puerto Rico

June 2018 – August 2018

Developed algorithms and implemented features into virtual experience software. Worked with Python, Cg, Unity, XML, Matlab, and C#.

Web Development Intern

C Cubed

San Juan, Puerto Rico

June 2017 – August 2017

Built websites and custom software: assisted the full cycle development process including design, coding, implementation, and deployment. Used PHP, JavaScript, jQuery, MySQL, HTML5, and CSS.

Information Technology Intern

Burger King Corporation

Cataño, Puerto Rico

June 2016 – August 2016

Internship at local franchise headquarters working with their technology and internal systems department: implementing and managing Tableau for AS400, conducting business analytics for 175 restaurants.

EDUCATION

B.S. Computer Science, Cognitive Science

Rensselaer Polytechnic Institute

Troy, New York

August 2016 – May 2020

High School Diploma

Saint John's School

San Juan, Puerto Rico

August 2012 – May 2016
